MATERIAL SAFETY DATA SHEET

TECAFINE □ PP

EMERGENCY TELEPHONE: 724-746-6050 or 856-227-0500
Issue Date: April 1, 2002
Revised Date: January 18, 2005
TRADE NAME: Tecafine PP
CHEMICAL NAME: Polypropylene

1. Composition / Information on Ingredients

This product is not a hazardous material as defined in 29 CFR 1910.1200

2. Physical and Chemical Properties

Physical State: Solid
Appearance and Odor: Natural or Black color / Essentially odorless
Specific Gravity: 0.890 - 0.910
Water Solubility: Insoluble
% Volatile: < 1%
Evaporation Rate: < 1

3. Fire Fighting Measures

Auto Ignition Temperature: 600
Flammability Classification: 1
Extinguishing Media: Carbon Dioxide, Water Fog, Foam
Unusual Fire or Explosion Hazards: None
Fire-Fighting Instructions: Do not release runoff from fire control methods to sewers or waterways.
Fire-Fighting Equipment: Because fire may produce toxic thermal decomposition products, wear a self-contained breathing apparatus (SCBA) with a full face piece operated in pressure-demand or positive-pressure mode.

4. Stability and Reactivity

Stability: Stable at room temperature in closed containers under normal storage and handling conditions.
Polymerization: Hazardous polymerization cannot occur.
Chemical Incompatibilities: Strong Oxidizing Agents
Conditions to Avoid: Same as above
Hazardous Decomposition Products: Thermal oxidative decomposition may yield carbon monoxide, carbon dioxide, and low molecular weight hydrocarbons

5. Health Hazard Information

Potential Health Effects

Primary Entry Routes: Low risk of entry in present form

Acute Effects

Inhalation: Low hazard for usual industrial or commercial handling

Eye: Low hazard for usual industrial or commercial handling

Skin: Low hazard for usual industrial or commercial handling

Ingestion: Is not expected to occur. If swallowed, may physically irritate digestive system

Carcinogenicity: IARC, NTP, and OSHA do not list this product as a carcinogen.

Emergency and First Aid Procedures

Inhalation: If breathing is difficult, remove to fresh air, call a physician.

Eye Contact: Flush eyes with plenty of water for at least 15 minutes, call a physician

Skin Contact: The compound is not likely to be hazardous, but cleansing the skin after use is advisable.

Ingestion: No specific intervention is indicated a compound is not likely to be hazardous, however, if symptoms occur, consult a physician

After first aid, get appropriate in-plant, paramedic, or community medical support.

6. Spill, Leak, and Disposal Procedures

Spill / Leak Procedures: Shut off source, advise authorities of possible floating material. Substance is non toxic

Containment: Do not release into sewers or waterways.

Clean up: Place waste in box or other container suitable for recycle or disposal.

Regulatory Requirements: Follow applicable OSHA regulations (29 CFR 1910.120).

Disposal: Contact your supplier or a licensed contractor for detailed recommendations. Follow applicable Federal, State, and Local regulations.

7. Exposure Controls / Personal Protection

Engineering Controls

Ventilation: Provide general or local exhaust ventilation systems to maintain airborne concentrations OSHA PELs. Local exhaust ventilation is preferred because it prevents contaminant dispersion into the work area by controlling it at its source.

Administrative Controls

Respiratory Protection: Seek professional advice prior to respirator selection and use. Follow OSHA respiratory regulations (29 CFR 1910.134).

Protective Clothing: Wear protective eyeglasses or chemical safety goggles, per OSHA eye and face protection regulations (29 CFR 1910.133). Contact lenses re not eye protection devices. Appropriate eye protection must be worn instead of, or in conjunction with contact lenses.

Safety Stations: Make emergency eyewash stations, safety/quick-drench showers, and washing facilities available in work area.

Contaminated Equipment: Separate contaminated work clothes from street clothes. Launder before use. Remove this material from your shoes and clean personal protective equipment.

Comments: Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material, especially before eating, drinking, smoking, using the toilet, or applying cosmetics.

8. Special Precautions Comments

Handling Precautions: Wear gloves when material is in molten state and cover other body areas if contact is possible.

Storage Requirements: Don not store near flame or heat

This material safety data sheet and the information it contains is offered to you in good faith as accurate. We have reviewed any information contained in this data sheet which we received from sources outside our company. We believe this information to be correct but cannot guarantee its accuracy or completeness. Health and safety precaution in this data sheet may not be adequate for all individuals and/or situations. It is the user's obligation to evaluate and use this product safely and to comply with all applicable laws and regulation. No statement made in the data sheet shall be construed as a permission or recommendation for the use of any product in a manner that might infringe existing patents. No warranty is made, either express or implied.
